

## **Solid Sample Submission for the Laser Raman Facility at IISER Mohali**

Only solid samples should be submitted. Raman spectra will be recorded using 785 nm laser.

Samples should be submitted to Mr. Bhavin Kansara

(Email: bhavinkansara@iisermohali.ac.in)

Sample Number:

Quantity in mg (5 mg is preferred):

Molecular Formula or Structure:

(If known otherwise say NA)

The range of wavenumber ( $\text{cm}^{-1}$ ) of interest:

(If the range is not provided, the spectrum will be recorded from 400 to 4000  $\text{cm}^{-1}$ )

Is your sample photodegradable?     Yes             No     Don't know

Is there any absorption or fluorescence at 785 nm?     Yes     No             Don't know

Your name:

Name of your PI:

Institution:

Your cell number:

Your email id:

Any additional comments about your sample:

Signature:

Date:

---

### **Official use for Raman Facility**
